- Maintained and enhanced an e-commerce platform for baby accessories, focusing on user experience and functionality.
- Developed a platform for artists to showcase and sell artwork with cryptopowered auction capabilities.
- Designed a mobile phone e-commerce platform for a seamless shopping experience.

PROJECTS

Github Finder App

Developed a GitHub Profile Finder application using ReactJS that allows users to quickly search for GitHub profiles and view details such as name, bio, and repositories.

Project Collaboration Tool

Built a full-featured task collaboration app enabling account creation, profile image uploads, and task assignments for streamlined project management.

Movie Search App

Developed a movie search app using ReactJS and OMDB API, allowing users to search and explore movie details with an engaging interface.

Mimarbaby

Mimarbaby is a brand specializing in accessories, essentials and decorative items for babies. Mimarbaby develops products to improve the lives of moms and their babies by raising the standards of excellence to design, manufacturing and value for money.

AARTIV

AARTIV collaborates with artists to sell and promote their art. We provide avenues for emerging and established artists who work with physical media to showcase their work and get access to cryptopowered auctions.

EXTRA-CURRICULAR ACTIVITIES

- Certificate of C and C++ from Online School of Programming.
- Certificate of Core and Advanced Java from Online School of Programming.
- Certificate of HTML and CSS from Ypsilon IT Solutions Pvt. Ltd Indore in October 2016.
- Participated in the Sweden-India Nobel Memorial Quiz 2016 held at IIM Indore.
- Coordinator of Event Organising Committee of SVCE.

LANGUAGES

English (Fluent), Hindi (Native)
